

Sample SLOs for:

Allied Health Services

1. Correlate medical terms to standard English descriptions for communication to non-medical audience.
2. Deduce the accepted meanings of medical symbols and abbreviations.
3. Use combining forms, prefixes, and suffixes to build medical words.
4. Classify the organs of various body systems and describe their locations and functions.
5. Employ accepted medical abbreviations in appropriate communication, including: medical records and reports.
6. Analyze complicated medical terms and determine correct usage of word elements.
