A photograph of four students sitting around a table in a library, engaged in a collaborative study session. A young man in a grey t-shirt is smiling and looking towards a young woman with glasses who is looking at a laptop. Another woman is looking at a document, and a fourth student is partially visible in the foreground. The background is filled with bookshelves. A semi-transparent blue diagonal overlay is on the left side, and a semi-transparent red horizontal bar is at the bottom.

Transforming the Tri-Centers: : A University Transfer Center, Career Center, and Counseling Center initiative.

A new collaborative approach for student success

The background of the slide is a composite image. On the left, a student is shown from the chest up, wearing a light blue denim jacket over a white t-shirt, with a grey backpack. On the right, there is a close-up of a gold-colored alarm clock face, showing the numbers 1, 2, 3, and 4. A dark red diagonal bar covers the bottom left portion of the image, containing the text.

Here are the problems we are trying to solve at CHC:

- A “close to degree completion” report was ran in February 2021 and had over 1200 students that were within 3 units of completing a degree or certificate but had not applied for their degree.
- We have 1900 plus students with 30+ units yet only about 600 transfer annually
- We have over 500 students with 60+ transferable units currently enrolled – WHY?

We need a better way to serve our DI students with an equity framework

The background of the slide is a composite image. On the left, a student is shown from the chest up, wearing a light blue denim jacket over a white t-shirt, with a grey backpack. A small orange heart-shaped sticker is on the jacket. On the right, there is a close-up of a gold alarm clock face with black numbers and hands. A dark red diagonal bar is overlaid on the bottom left, containing the text.

Here are the solutions:

- Create a structured approach to meet with students consistently from enrollment to graduation/transfer.
- Create meaningful contacts with students based on milestone completion markers 0-14, 15 – 29, 30 – 44, 45- 60+.
- 80% or higher of our student population with complete counselor approved SEP.

Aligning with Guided Pathways

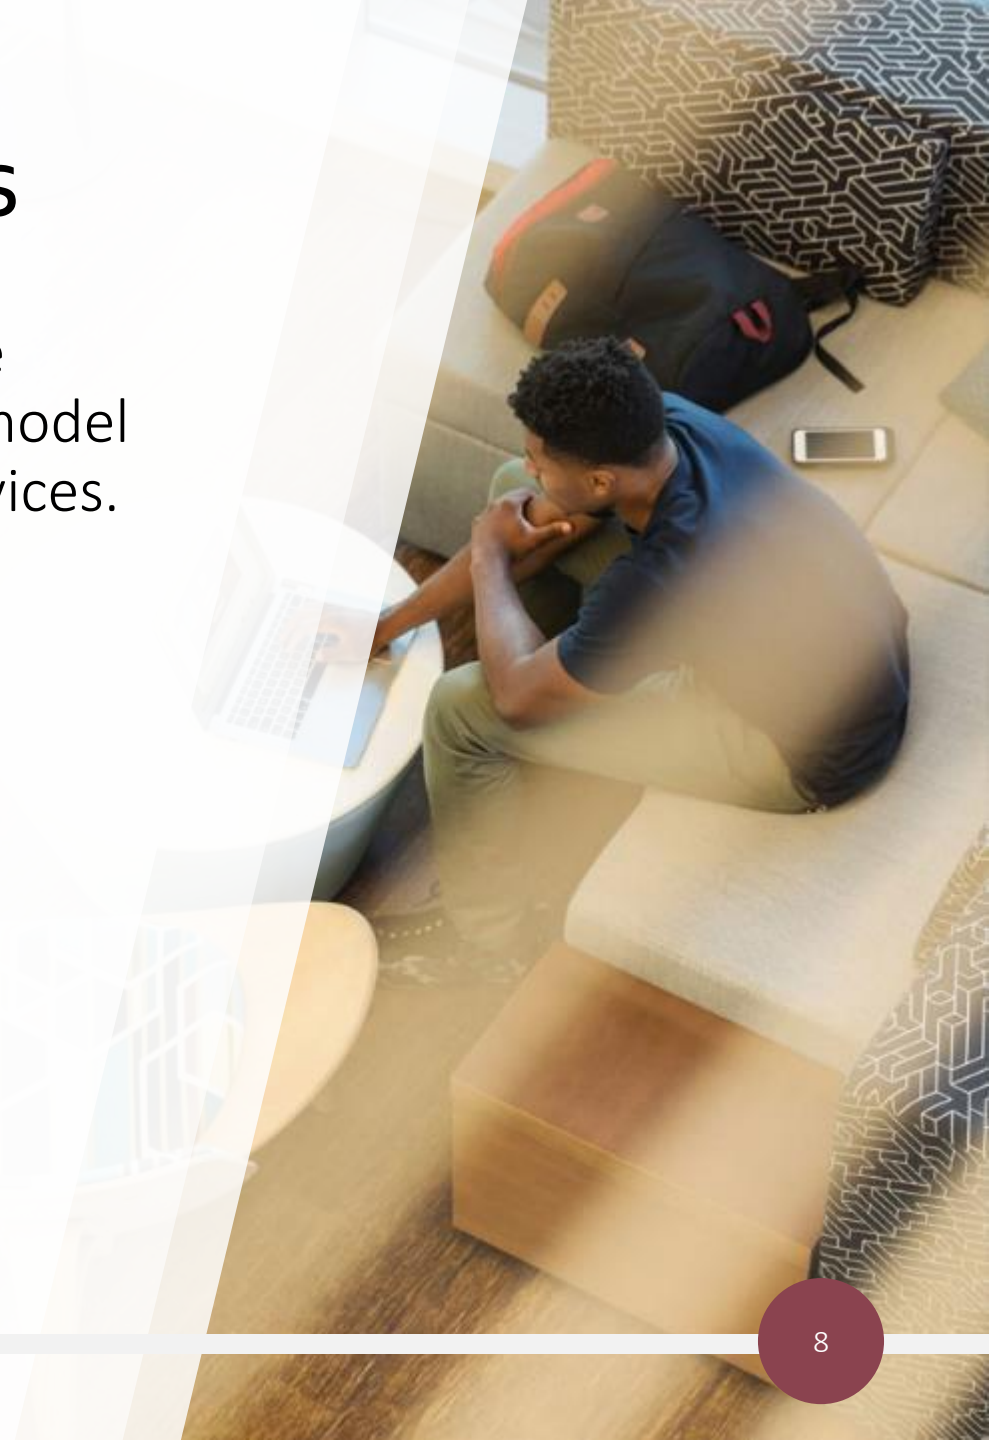

- Redesign Counseling, Transfer, Career and Workforce preparation to serve students in a two-cohort style model with specialized counseling and student support services.

0-29
Units

- Clarify the path (0-15)
- Enter the path (16-29)

30 +
Units

- Maintain the path (30-45)
- Complete the path (45+)

The Foundation of Our Guided Pathways Model

Proactive outreach and student milestone completions

0-15	15-29	30-45	45+	Other
Declare a major	Major exploration/declaration	30+ Transfer Unit milestone Celebration	Grad check Apply degree/certificates	60+ Transfer unit outreach
Intro to Transfer	Needs Assessment/ Student Success strategies	Golden 4 completion milestone celebration	Apply to participate in graduation	Close to degree completion outreach
Comprehensive SEP	Build community/support	Exposure to universities	Complete the transfer process	Academic standing outreach
Connect to specialized program (EOPS, Honors, STEM, etc.)	Apply to CHC local CTE programs	Understand university affordability	University Transfer Celebration	Transfer and Career events
Study Skills	Understanding higher ed options and Educ formats	Apply to CSU & UC	Career Portfolio	
Establish community (CHC Open House)	Apply to Private/Out-of-State Colleges		Employability Skills	

Guided Pathways Timeline

Counselor specialization areas

0-29 units

- Undeclared major exploration
- Career exploration
- Student success strategies (needs assessment)
- CHC CTE specialization
- Private & Out-of-State transfer training

Everyone

- Transfer basics
- CHC CTE basics
- Career development
- Transcript evaluation
- Mental health

30+

- Advanced transfer training
- Application specialization
- Transcript clean-up
- Graduation check
- 60+ intervention
- Workforce Preparedness

Data Points

- Current students' unit completion by 15, 30, 45, 60+
- Undeclared # of students
- 2-year history of student visitation based on units completed
- Monthly student usage of Counseling, Transfer, Career
- SEP close to completion 30+ transferrable unit completion report with/without college Math ●●●●
- 60+ degree applicable report
- SAO/SLO creation

Transforming the Tri-Centers: : A University Transfer Center, Career Center, and Counseling Center initiative.

A new collaborative approach for student success

What are some reasons you would visit the Counseling, Transfer, Career Centers?

Counseling

- New Student
- What classes do I take? (Student Educational Plan)
- Problems with classes
- Probationary reasons
- Financial Aid dismissals

Career

- Undecided major
- I don't know what I want to do with my major
- Resume & Interview help
- Jobs

Transfer

- How do I transfer?
- I am ready to transfer?
- How do I apply to Cal State
- How do I apply to UC
- Problems with transferring
- Don't know where to transfer

Here are the problems we are trying to solve at CHC

- Not enough contact with students
- A “close to degree completion” report was ran in February 2021 and had over 1200 students that were within 3 units of completing a degree or certificate but had not applied.
- We have over 500 students with 60+ transferable units and have not transferred?
- 80% or higher of our student population with complete counselor approved SEP
- Clarify the path

The Problem: After 6 year of continuous enrollment at a California Community College only 40% of transfer-seeking students transfer.¹

What we are proposing

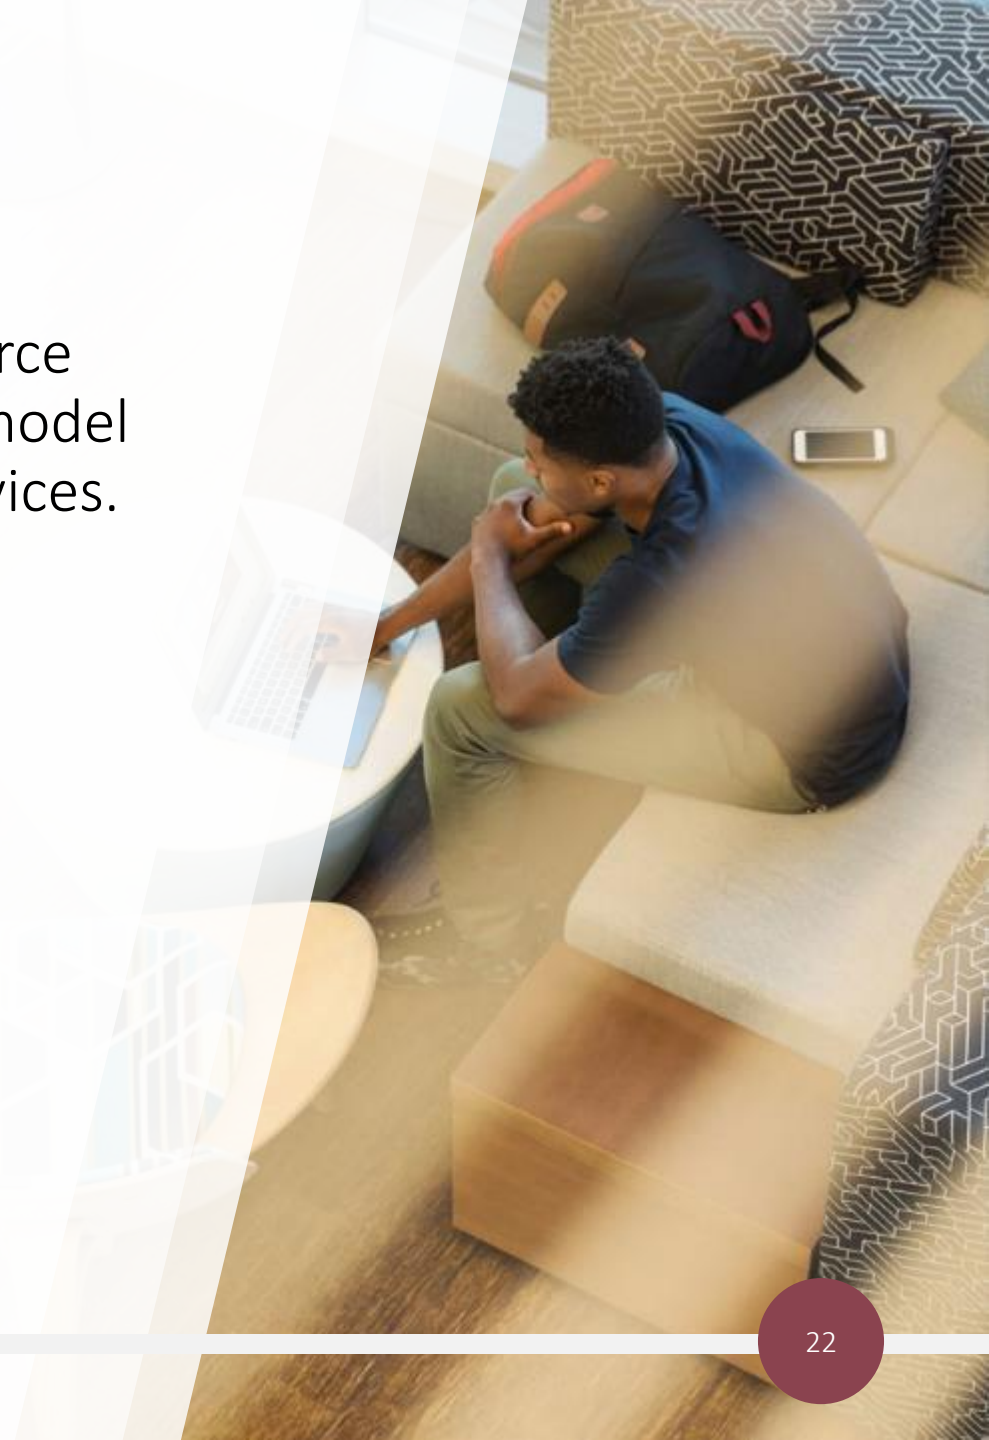

- Restructure Counseling, Transfer, Career and Workforce preparation to serve students in a two-cohort style model with specialized counseling and student support services.

0-29
Units

- Clarify the path (0-15)
- Enter the path (16-29)

30 +
Units

- Maintain the path (30-45)
- Complete the path (45+)

Things that will be maintained

- Honors
- Student-Athletes
- Probation
- STEM
- International Students
- EOPS/CARE/CalWORKs
- Specific counselor student requests

The foundation of the model
